Points Allocation

1. **SCF GC Points** will be awarded to the top 4 riders in each event (Heartstarter, Points, Scratch).

The top unplaced female rider in grade A and B will also be awarded points.

The points allocation for the SCF GC ranking will be as follows:

Position	Grade A	Grade B	Junior
1	20	10	20
2	16	8	16
3	14	7	14
4	12	6	12
Top unplaced female	10	4	10

Females who place among the top 4 for their grade will be awarded points according to the position. The next female rider will be awarded points as the top unplaced female rider. If no female riders place among the top 4, only the top female rider will be awarded points (10 points for Grade A, 4 for Grade B).

Event points will be awarded to the top 4 riders of each event. Medals will be awarded to the top 3 riders in each category, based on cumulative results in the 3 events. Points are awarded for each race according to the following:

Position	Heartstarter	Points	Scratch
1	5	5	5
2	3	3	3
3	2	2	2
4	1	1	1
Top unplaced female	1	1	1

Females who place among the top 4 in each event will be awarded points according to their position. The next female rider will be awarded 1 point. If no female riders place among the top 4, the top female rider will be awarded 1 point. The female rider must have finished the race (not pulled out) to be awarded points.

In the event of tie-breakers, when riders finish with the same number of points from the 3 events, a rider with a higher-placed finish in an event will be ranked higher. For example, if Rider A has 1 first-place finish and 2 third place finishes for a total of 9 points, and Rider B has 3 second place finishes for a total of 9 points, Rider A will be ranked higher than Rider B in the Event Points allocation.

If riders have the same placings for points, the placing in the last event for the day will determine the ranking. For example, if Rider X and Rider Y both finish with 1 second

place and 1 third placing for a total of 5 points, the higher placed rider in the last event for the day (the Scratch race) will rank higher.
